Safety Information

- ☐ Consult a qualified electrician with any electrical questions you may have.

IMPORTANT: Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have occurred during shipping. If there is a defect in the wire, do not continue the assembly process. Please call our Customer Service Team at 1-877-527-0313.

Warranty

The manufacturer warrants this lighting fixture to be free from defects in the materials and workmanship for a period of one (1) year from date of purchase. This warranty applies only to the original consumer purchaser and only to products used in normal use. If this product is found to be defective, the manufacturer's only obligation, and your exclusive remedy, is the repair or replacement of the product at the manufacturer's discretion, provided that the product has not been damaged through misuse, abuse, accident, modifications, alterations, neglect or mishandling. This warranty shall not apply to any product that is found to have been improperly installed, assembled, or used in any way not in accordance with the instructions supplied with the product. This warranty shall not apply to a failure of the product as a result of an accident, misuse, abuse, negligence, alteration, faulty installation, or any other failure not relating to faulty material or workmanship. This warranty shall not apply to the finish on any portion of the product due to weathering, as this is considered normal wear. The manufacturer does not warrant and specifically disclaims any warranty, whether expressed or implied, other than the warranty contained herein. The manufacturer specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including but not limited to, any labor or expense costs involved in the replacement or repair of the product.

Pre-Installation

PLANNING INSTALLATION

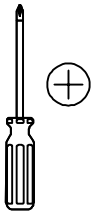
Read all instructions before assembly.

To avoid damaging this product, assemble it on a soft, non-abrasive surface such as carpet or cardboard. Inspect each part for defects that may have occurred during shipping.

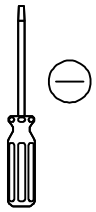
Keep your receipt and these instructions for proof of purchase.

TOOLS REQUIRED

Safety goggles



Phillips screwdriver

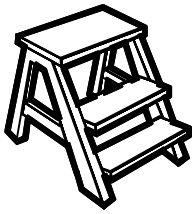


Flathead screwdriver

Pliers

Wire strippers

Wire cutters



Ladder

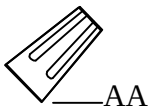
MATERIALS REQUIRED

60-watt max. type A bulb (4)

Electrical tape

HARDWARE INCLUDED

NOTE: Hardware not shown to actual size.



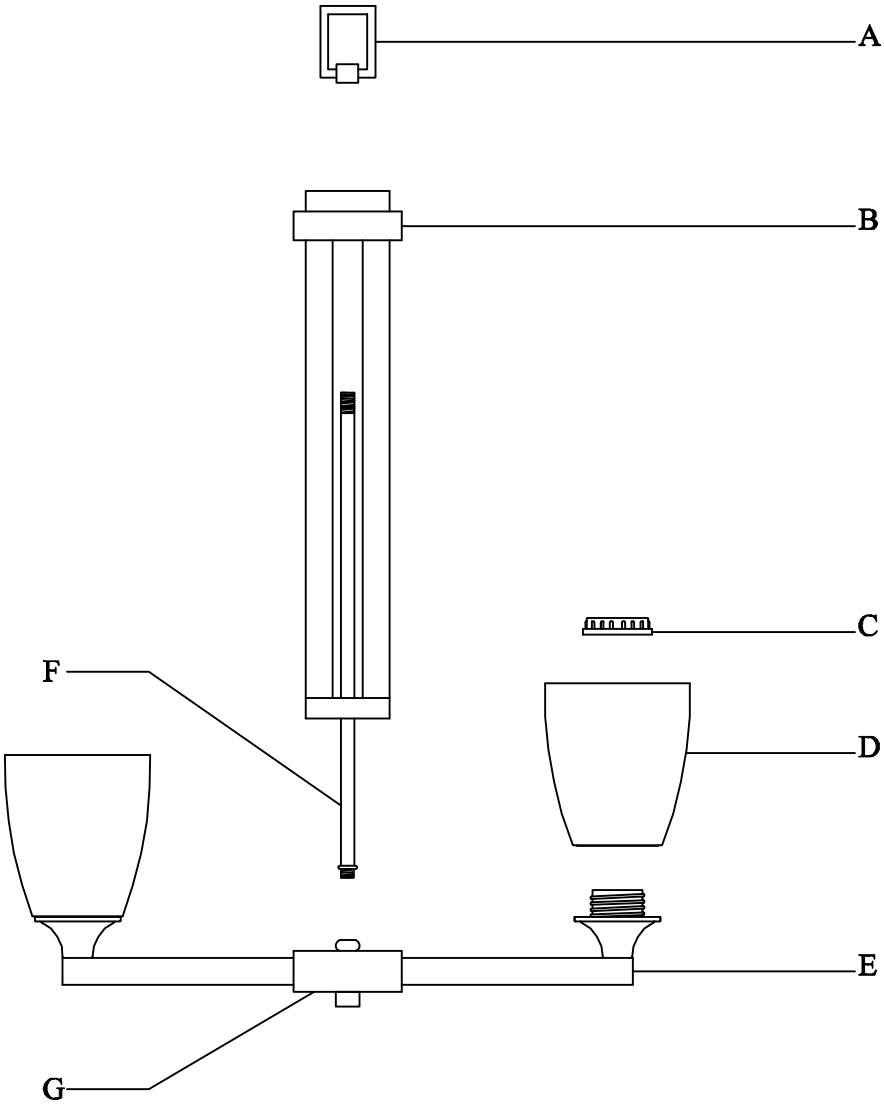
AA BB CC DD EE

FF GG HH II JJ

Part	Description	Quantity	Part	Description	Quantity
AA	Wire nut	3	FF	Nipple	1
BB	Cross bar	1	GG	Canopy	1
CC	Outlet box screw	2	HH	Screw Collar Loop	1
DD	Lock nut	1	II	Screw Collar Nut	1
EE	Ground screw	1	JJ	Chain	1

Pre-Installation (continued)

PACKAGE CONTENTS

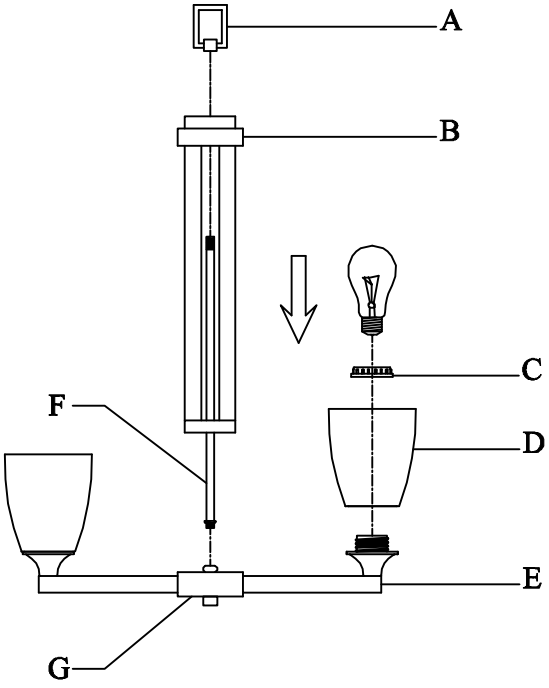


Part	Description	Quantity
A	Chain loop	1
B	Column	1
C	Socket ring	4
D	Glass shade	4
E	Light fixture	1
F	Center tube	1
G	Distributor	1

Assembly

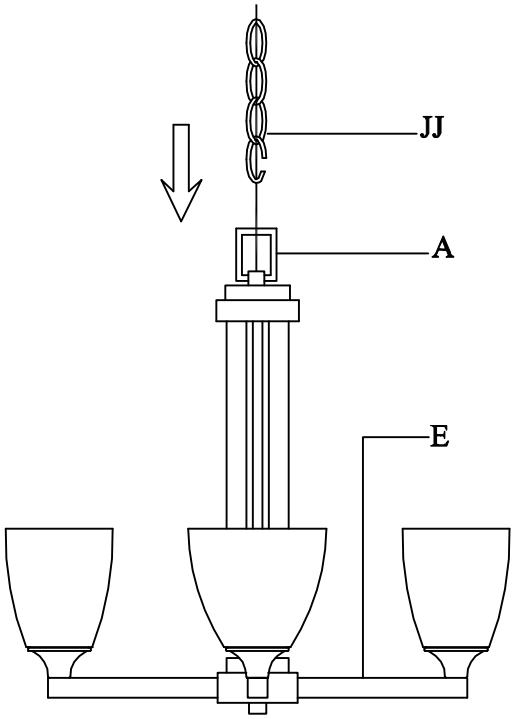
1 Assembling the light fixture

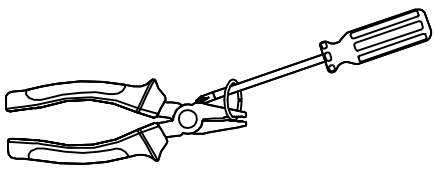
□ Carefully unpack the fixture, lay out all parts on clean surface.
□ Screw the center tube (F) to top of the distributor (G).
□ Slide the column (B) over the center tube (F).
□ Screw the chain loop (A) to top of the column (B).
□ Place a glass shade (D) over each socket and secure with a socket ring (C).
□ Install a 60-watt max. type A bulb (not included) into each socket on the light fixture.



2 Preparing the light fixture to hang

□ Use chain pliers or pliers with a screwdriver (see below) to open one link on the end of the chain (JJ) and attach the chain (JJ) to the chain loop (A) on the top of the light fixture (E).
□ Remove or add chain links from the chain (JJ) in order to achieve the desired length for hanging the light fixture (E).
□ Thread the fixture and copper ground wires up through every other link in the chain (JJ).



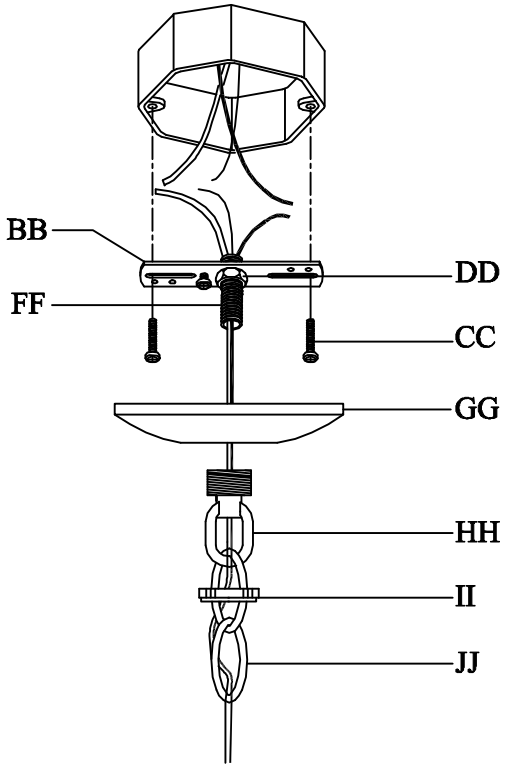


TO SPREAD A LINK OF CHAIN
use a pair of pliers and a screwdriver as shown above, being careful to wrap the jaws of the pliers with cloth to protect the finish of the chain.

Installation

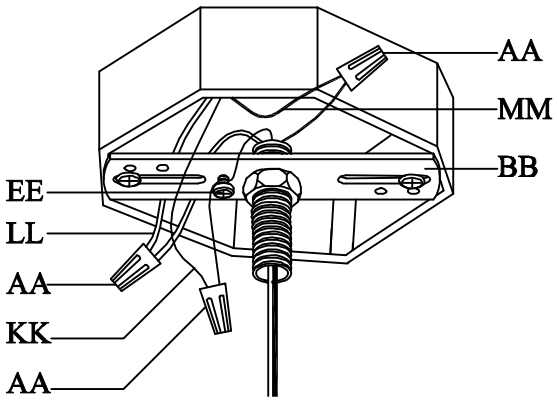
1 Installing the cross bar

□ Turn off the switch at the wall.
□ Turn the power off at the main fuse box.
□ Install the cross bar (BB) with nipple (FF), lock nut (DD), and screw collar loop (HH) to the outlet box using two outlet box screws (CC).
□ Slide the screw collar nut (II) and then the canopy (GG) onto the end of the chain (JJ).
□ Fasten the end link of the chain (JJ) to the screw collar loop (HH).
□ Insert the fixture wires up through the nipple (FF).



2 Connecting the wires

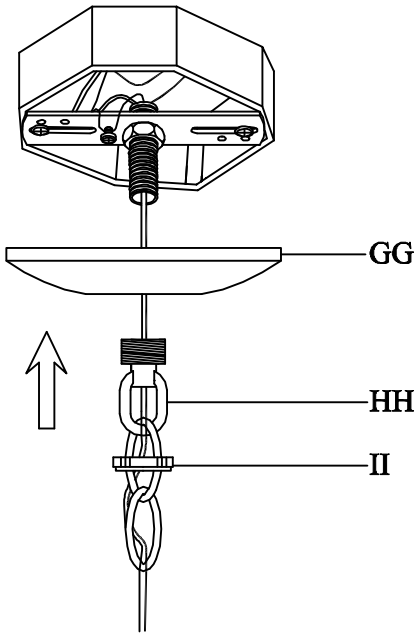
□ Install the fixture bare copper ground wire (KK) under the ground screw (EE) on the cross bar (BB).
□ Connect the fixture and supply ground wires (KK) in the outlet box using a wire nut (AA).
□ Connect the ribbed fixture and white (or ribbed) supply wires (LL) in the outlet box using a wire nut (AA).
□ Connect the smooth fixture and black (or red) supply wires (MM) in the outlet box using a wire nut (AA).



Installation (continued)

3 Hanging the light fixture

□ Push all excess wires into the outlet box.
□ Raise the canopy (GG) to the ceiling and secure in place by screwing the screw collar nut (II) onto the screw collar loop (HH).



Care and Cleaning

□ Clean the light fixture with a soft, dry cloth. Do not use any cleaners with chemicals, solvents, or harsh abrasives.

Troubleshooting

Problem	Possible Cause	Solution
The bulb will not light.	□ The bulb is burned out.	□ Replace the light bulb.
	□ The power is off.	□ Ensure that the power supply is turned on.
	□ There is a faulty wire connection.	□ Check the wiring.
	□ The circuit breaker is off.	□ Ensure that the circuit breaker is set in the on position.
The fuse blows or a circuit breaker trips when the light is turned on.	□ There is an exposed wire. □ There are too many items on one circuit.	□ Discontinue use of the light fixture. □ Contact a qualified electrician or call the Customer Service Team at 1-877-527-0313. □ Unplug other items on the circuit.
